

YASH SACHIN PATIL

Java Software Developer | Full Stack Engineer | BE Information Technology

+91-9403030170 • patilyash1914@gmail.com • Nashik, Maharashtra

PROFESSIONAL SUMMARY

Results-driven Java Developer and BE-IT graduate (CGPA 8.02/10) with hands-on expertise in Spring Boot microservices, REST API development, and full-stack web applications. Built 3 production-grade projects including a scalable food delivery platform with JWT-secured APIs. Awarded 3rd Place at IEEE Technovation 2025. Certified in Advanced Computing (PG-DAC, CDAC). Eager to contribute clean, maintainable code and accelerate software delivery cycles from day one.

TECHNICAL SKILLS

Languages	Java (Primary) • JavaScript • HTML5 • CSS3
Backend	Spring Boot • Microservices Architecture • REST APIs
Frontend	React.js • Bootstrap • Styled Components
Databases	MySQL
Tools & Auth	JWT Authentication • EmailJS • Git • GitHub
Concepts	OOP • MVC • API Integration • Responsive Design

PROJECTS

Food Delivery System

Java | Spring Boot | Microservices | React.js | MySQL | JWT

- ▶ <https://github.com/CDAC-FoodDelivery/fooddelivery-app.git>
- ▶ Engineered a microservices-based food delivery platform handling multi-role workflows (customer, restaurant admin, delivery) with independently deployable services, improving system scalability and fault isolation.
- ▶ Secured all API endpoints using JWT authentication, eliminating unauthorized access across 5+ REST API modules covering hotels, menus, and orders.
- ▶ Built a real-time admin dashboard enabling restaurant owners to manage 100% of order lifecycle operations — from placement to delivery confirmation — reducing manual coordination overhead.

Banking Management System

Java | Spring Boot | Spring Security | React.js | MySQL | JWT

- ▶ <https://github.com/patilyashsachin/Banking-Application.git>
- ▶ Designed and developed a secure full-stack Online Banking Management System using Java, Spring Boot, React.js, and MySQL, enabling account management, fund transfers, and transaction tracking.
- ▶ Implemented JWT-based authentication, RESTful APIs, and role-based access control with Hibernate/JPA-backed persistence for secure and scalable banking operations.

Personal Portfolio Website

React.js | EmailJS | Styled Components | gh-pages

- ▶ <https://github.com/patilyashsachin/PersonalPortfolio.git>
- ▶ Developed and deployed a fully responsive developer portfolio with integrated contact form (EmailJS), achieving seamless CI/CD via GitHub Pages and zero-cost hosting.

EDUCATION

Bachelor of Engineering — Information Technology

Dec 2021 – Jun 2025

MVP's Karmaveer Adv. Baburao Ganpatrao Thakare COE, Nashik | Savitribai Phule Pune University

CGPA: 8.02 / 10

Post Graduate Diploma in Advanced Computing (PG-DAC)

Centre for Development of Advanced Computing (CDAC) | Certified

ACHIEVEMENTS & EXTRACURRICULARS

- ▶ Ranked 3rd Place at IEEE Technovation 2025 (Software Category) at MVP's KBTCOE Nashik — competing among 50+ engineering teams across Maharashtra.
- ▶ Active NSS Volunteer — led and participated in 10+ community drives including social campaigns and rural outreach programs, demonstrating leadership and civic commitment.
